June has always been the traditional month for weddings.

June is the beginning of summer just after the rainy season when the flowers are all in bloom. What a beautiful time of year to have such an important day in your life.

A big part, and certainly one of the best parts, of our business at Gasser Jewelers is selling engagement rings. Over the years we have had the privilege of assisting many couples with this important first step, the beginning of the rest of their lives. We know how daunting planning for this memorable day can be, so we have decided to help one lucky couple with one of the major expenses of the wedding by winning the honeymoon of their dreams.

You could be our big winner!

Visit our web site (gasserjewelers.com/bridal) for complete contest rules. The lucky winner will be chosen during the First Friday festivities on October 3rd.

Wedding Registry and Bridal Gifts

Our trained sales staff will be able to help you select your gift registry. We are able to order most china, crystal, and silver patterns. Crystal bowls and vases from Waterford, Orrefors, and Simon Pearce will enhance your new home.

And we have many suggestions of gifts for the wedding party – from Swarovski crystal jewelry for the bridesmaids to Swiss Army tools for the groomsmen.
