Waterford Heart Ring Holder – \$65

February's birthstone is amethyst. Amethyst ranges in color from pale lilac to deep purple. The pale colors are sometimes called

"Rose de France" and can be seen set in Victorian jewelry. The deep colors are the

most valuable, particularly a rich purple with rose flashes. The color purple is traditionally the color of royalty and amethyst has been used since the dawn of history to adorn the rich and powerful monarchs and rulers. An amethyst was worn by St. Valentine and was thought to dissipate evil thoughts and quicken the intelligence.
